

ALUMINIUM RAINWATER SYSTEMS

## CASE STUDY

HOUSES

NW LONDON

*At Stormguard Rainwater we were asked to provide a coping system to the twelve executive houses located within an exclusive development in North West London. To assist our customer with this project Stormguard Rainwater offered on site assistance at survey stage to make sure all the components needed to complete the works were accounted for, as well as supplying working drawings to the client for approval, and to aid the installation once the materials had arrived on site.*
